15.Task Flying Area

16. Airspace

Only the launch sites mentioned before allowed to takeoff. There is no airspace restriction.

17. Weather

The weather in Ölüdeniz is usually good for paragliding in every season so much that it is a very important area for paragliding flights in Turkey. It is known that the sea breeze offers a very calm and gentle air movement. For this reason, an extreme change in weather is not expected. On the date of the competition, we expect the wind to be within the limits. The expected maximum wind speed will remain around 20km. Also, cloudy weather is not expected on these dates. During this period, thermal activities are low and the weather is not very hot.

18. Meteorology

Daily forecasts will be followed by an experienced meteorologist during the event. An expert support will be obtained from the meteorology department. This expert will also attend the team briefing that will be held every day. During all briefings, the Meteorologist will present the weather forecasts analysis adjusted with local microclimate. Meteorology estimates will be interpreted together with the safety director at the briefing and will guide us. Details of satellite weather monitoring, most reliable web sources for forecasts, automatic wind station will be used. The web resources to use are:

19. Transport

For Babadağ Teleferik, we have shuttle from landing area. For 1200/1700 takeoffs we have cable car, for 1800 chairlift is working perfectly, for 1900 takeoffs (Kuzey and Patara) we'll have another chairlift.

20. Safety Issues

Ölüdeniz is a very safe place for flying in normal conditions, from beginners to experienced pilots.

21. Rescue/Medical Services

During the competitions days, we'll have rescue teams on the takeoff area and landing area. 2 ambulance will stay on the ground, 1 ambulance will be on the takeoff area. On the other hand we'll have helicopter ready to takeoff in 30 minute at Dalaman Airport.

22. Safety Management Plan

During the competition days police, medical staff, guards, ambulances will be available at all times.

23. Transmissions

Innovative communication applications such as WhatsApp will be used to create the best network structure with the competitors and officials.

24. Liaison with police, military, public services

In case of an emergency Turkish Jandarma, Police, Airfare Search and Rescue Team, Turkish Coast Guard will be ready to implement proper response. That is organized and planned by governor of Muğla.

25. Insurance

Documentary proof of insurance (in English) covering personal accident insurance up to 20 000 euros must be presented to the organizers at registration. Pilots who do not have insurance are not allowed to participate in the competition. They can't buy an insurance in Turkey.

26.Event Headquarters

Registration will be held in Banana Beach Bar which is also the headquarter of the World Championship.

27.Local facilities

Babadağ Teleferik and Oludeniz Beach Cafes are two companies organizing the event. Also there are over a hundred restaurants, cafes and bars in Ölüdeniz area.

28. Competition website

World Championship website will be installed in worldacrocup.com website. All the information needs to be disseminated will be shared on this website, Babadağ Teleferik website and social media accounts.

29. Visas, Vaccinations

Online visa can be applied on <https://www.konsolosluk.gov.tr/>

30. Early arrivals

Early arrival is possible. We have a partner travel agency which can arrange the best prices for the pilots for accommodation and transfer. Which is Dreamport Travel Agency.

31. Customs and equipment importation

It isn't a problem for temporary importation of gliders and other competition equipment.

32. Medals, etc

Except of the FAI medals and diplomas there will be a monetary reward.

33. Media coverage, merchandising

Media coverage will be before, during and after the event. Video and adverts will be made for promotion the event. Turkish State TV, TRT Spor already covered this years' event. They will be with us for World Championship, also we are in contact with Netflix and National Geographic TV channel to have the documentary of the event worldwide.

34. Sponsorship

Main sponsor of the event is Babadağ Teleferik.

35. Finance

Financial support is expected from the Ministry of Youth and Sport, National Lottery (Spor toto), Regional government. We are planning to cover around 50% of the budget by ourselves .
