

The FAI/Aresti Liaison Working Group Report 2025

Jim Bourke, Chair

In last year's report I identified our goals to 1) return the Aresti Cup to CIVA's care and to 2) restore communication between CIVA and Aresti.

I regret that nothing new has changed with the situation.

Any amendments we make to the Aresti catalogue should naturally be formally communicated to the Aresti Family via their usual address. However, since we can't be sure of a response, we should plan to circulate such amendments and also publish them online under a note indicating their temporary status pending adoption by Aresti into the official catalogue.

Since we haven't received any official word from Aresti on whether the Aresti Cup will be returned to CIVA, I continue to encourage the creation of a new trophy.

Truly yours,

A handwritten signature in black ink, appearing to read 'Jim Bourke', with a long horizontal flourish extending to the right.
