

CIVL Badge/Pins

What are they and how can they be achieved by pilots and ordered by national organizations?

Delta or Hang Gliding Badges/Pins Requirements

2.2 Requirements

Any type of open or closed course may be used for the distance requirement of the Delta and Eagle Bronze, Silver and Gold badge. Any type of open or closed course may be used for the distance requirement of the Delta and Eagle Bronze badge and Gold badge. For the Delta and Eagle Diamond badge, the open course may be either straight distance or distance via 3 turn points. The closed course may be out-return, or triangle of any shape.

The Bronze badge should be achievable by most pilots within the first year of active flying, with the Silver following in the next year or two. The Gold badge should be achievable for most pilots within the first five years of cross country flying. The Diamond badge should be achievable by perhaps half of all pilots within ten years of flying.
