

## CIAM BUREAU MEETING – April 23, 2015

### DECISIONS

1. Approval to print 20.000 model stickers in order to cover the needs of the competitors for the next 3 years BA 11.3
2. Bureau Accepts the Proposal from the Education S/C Chairman for the CIAM Scholarship to be awarded to Mr. B. Flixider from Austria BA 13
3. Bureau approved Bulletin 0 for the F2 FAI World Championships in Australia next year. The approved Bulletin will be converted to Bulletin 1 which will be forwarded to all NACs by CIAM Secretary Mr. Massimo Semoli. BA 15.3
4. After last year adoption of the two methods to be used for teams classification, SubCommittee chairmen will include on the specialized Sporting Code Volume which method is in use. BA 17.3.2
5. The following clarification will be an additional Bureau Proposal for the Plenary to consider. BA 17.2.1

#### **4.3.4 Characteristics of a Team Racing Model Aircraft**

Add new text as shown

d) There shall be no supplementary air induction except for sub piston induction to a maximum height of 0.6 mm at the exhaust port. **A single round supplementary fuel jet with a maximum diameter of 0.4mm may be used between the venturi and the induction port of the engine.**

Reasons Clarification.

It was never intended to eliminate fuel systems used prior to January 2015, this clarification allows existing engines and fuel systems to continue to be used following the introduction of the 2014 noise control plan.

6. The following paragraph will be added on agenda item 14.3 page 22. BA 17.2.3

#### **f) Each Countries Air Navigation Rules take precedence over 1.1**

Reason: Modification of the definition of a model aircraft according to the recommendation of the UAV Working Group report.

7. Two applications for new FAI Perpetual Trophies were received and will be considered by the Plenary. BA 20
  - A. F2D World Cup Senior Individual
  - B. F5J World Cup Senior Individual
8. CIAM Bureau will contact RC System manufacturers to discuss with them the possibility to implement FAI Mode. BA 24
9. With the report provided to the Bureau and Plenary by the UAV Working Group the activities were completed. An extension for the activities is not required. BA 28
10. Due to rules change in Class F1D, existing records categories will be retired. BA 25
11. F2 and F4 Sub Committees chairmen will evaluate Moodle e-learning tool to be used for educating and evaluating the judges. BA 29
