

## REPORT ON SPACE MODELS WORLD CUP 2008

**By Srdjan D. Pelagic, dipl.ing.  
CIAM Space Models SC Chairman**

Novi Sad (Serbia), 31 October, 2008

Space Models World Cup competitions began some 20 years ago, but this competition season 2008 was no doubt the most successful of all previous seasons. There were registered to the FAI Contest Calendar 2008 – Space Models 29 World Cup events in 18 countries at four continents – all except Australia! Only two of them because of the organisational reasons were not held (in Republic of South Africa and in Montenegro). All the rest were held, but in several occasions either some classes or the whole events were not recognized into the official classifications because lack of either foreign jury members and judges, either because lack of foreign competitors.

In all events participated competitors from 24 countries from America, Asia and Europe from the following countries (going from west to east): USA, Great Britain, Spain, Switzerland, Germany, Italy, Latvia, Lithuania, Estonia, Poland, Czech Republic, Slovak Republic, Slovenia, Croatia, Serbia, Macedonia, Romania, Moldova, Bulgaria, Belarus, Ukraine, Russia, Uzbekistan and Kazakhstan. Underlined are countries that also were the organizers of the SM World Cup events.

Participation per SM World Cup classes is given in the table below:
